OVERVIEW

The ITR Global Transfer Pricing Forum will celebrate its 20th anniversary in 2020. To commemorate this landmark milestone, ITR will host the first of its two-part series in Chicago, March 2020, to provide over 150 tax and transfer pricing professionals with critical insight and advice on key TP issues.

The introduction of BEPS 2.0 promises to transform the TP landscape, creating uncertainty around implementation, compliance and mitigating risk. Many taxpayers remain concerned about the potential for controversy, and the importance of understanding methods for preventing and resolving disputes is ever-more crucial.

These issues and more will be discussed over two days of panel discussions, Q&A and roundtables. The forum is not intended as a traditional educational style seminar. The aim is to facilitate free and transparent debate on these key questions. As such, taxpayers are invited to openly share their experiences. Contributions will remain anonymous and confidential, but themes that emerge will be presented in a report which will be seen by all subscribers to ITR.

Reserve your place today.
